

ST-QUAY-PORTRIEUX PORT D'ARMOR

Welcome to Saint-Quay Port d'Armor !

As you know, our marina is accessible 24/24 whatever the tidal conditions. This is an incredible advantage to get rid of time constraints and height of water calculations!

But this is not our only asset. The marina, opened in 1990, offers all you would expect from high quality facilities. Saint-Quay Port d'Armor carry the Blue Flag, is a member of both TransEurope Marinas and Passeport Escales networks, and have been awarded 5 Gold Anchors by The Yacht Harbour Association. While staying with us, have a drink on the waterfront, treat yourself in a gourmet restaurant, grab a bike, or stretch your legs on the coastal footpath and visit the little town!

During July and August, we run a dedicated concierge service to care about your specific requirements...

We notably offer :

- Bike hire, including electric assist bicycles
- Car hire
- Taxi
- Assistance to require a technical intervention from boatyards, marine engineers, sail repair...
